We could not be happier with the service we have received from the Hamilton Pioneer Pools staff!!! We decided to use this company for our above ground pool purchase and installation this summer...and are so thankful we did. CARL is amazing. He went through everything with us... from permits we needed to answering my 1000's of questions as a first time pool owner....From start to finish we have had nothing but the most amazing service! Wouldn't go anywhere else!!!!

JOANNE C

We have spent quite a bit of time shopping for a pool and after visiting all the local pool stores in Barrie we found Pioneer to be the most knowledgeable and friendly.

From the point of buying to the efficient scheduling and the professionalism of the installers we couldn't of found a better place to purchase the pool we have been waiting a lifetime for.

The Atlantic Neptune Above Ground swimming pool is an incredible option if you're looking for something that will last. # WHY BUY AN ABOVE GROUND POOL?

Perhaps the most popular benefit of Above Ground Pools are their affordable price tags and the lowered expenses that come with them. Above Ground Pool prices are generally lower than the prices of other pool models currently on the market due to their sizes and smaller-scale installs. In addition, Above Ground Pools have lower operating costs as they typically require less chemicals and less equipment to keep them running in tip-top shape.

## UNLIMITED BACKYARD DESIGN IDEAS

Gone are the days where pool owners are stuck with having a winter-grey Above Ground sitting stark in the middle of their yards. Whether you're looking for a pool for a small space, or just prefer the "out of ground" pool look, our Above Ground Pools come in a wide range of sizes and styles that will fit the look of any backyard.

We are always sharing new and creative ways to landscape and build around your Above Ground Pool. You will notice that many modern Above

Ground Pool designs have been inspired from nature. Enjoy Above Ground Pools with soothing images of tall grass blowing in the wind or rocky textured looking patterns that represent natural strength and raw power.

Build a stunning wood structure around your pool, or surround it with plants and trees to create a zen oasis. The possibilities are endless!

It's true when we say, "Buy an Above Ground Pool today and you'll be able to swim in three weeks!" Due to the seamless construction of these pools, they are quick and easy to install. Instead of digging a large hole in the ground and spending extra dollars on construction, Above Ground Pools are an "out of ground pool" and can typically be installed within a 1-3 day timeframe.

Components are all precision made to fit together, making installation a breeze while ensuring that your pool has the support to remain durable and tough for years to come.
